Let's Start!

Manhattan! So much to see everywhere!

Learning Outcome

Accurately use information about directions to places in a limited range of social situations.

Can Do Statements

- I can ask and say where a place is.
- I can ask for and give directions.
- I can tell someone where something is located.

Ask your partner:

- What's your favorite building in the city? Describe it.
- What kind of building is it? How do you get to this building?

Let's Explore!

The Empire State? Go straight on **5th Avenue***. You can't miss it!

* In New York City (Manhattan), *avenues* run north-south, and streets run east-west.

Instructions: Read the text aloud.

Tour Bus Guide: On your left, you have the New York Public Library. Bryant Park is next to it. The library appears in many movies, including a scene in Ghostbusters.

Sally: Excuse me, where is Times Square?

Tour Bus Guide: You need to walk straight. Turn right on Broadway. Then, keep going for 5 blocks. It's our next stop.

Sally: Thank you, but I want to visit the library.

Tour Bus Guide: Sure. It's across the street.

Sally: How do I get to the Empire State building from here?

Tour Bus Guide: Turn left at the lights. Then, go straight on 5th Avenue.

Sally: What can you tell me about the building?

Tour Bus Guide: Well, it took a year to build and the construction cost \$25 million! It moves from side to side when strong winds blow. Every year many couples tie the knot in the Empire State Building!

Let's Practice!

The guide gives Sally directions. Are they clear?

Instructions: Organize the mystery sentences. Write each word in the correct order.

1. Turn / Broadway / on / right / .

2. Then, / going / keep / blocks / for / 5 / .

3. Turn / light / left / the / at / .

4. Then, / straight / 5th / go / Avenue / on / .

Let's Practice!

Sally has a few questions for the tour bus guide.

Instructions: Draw a line from the first part of the statement or question on the left to the second part on the right.
